Kingdom Kids Classes

Kingdom Kids Preschool has enjoyed a long-standing and well-earned reputation for preparing little ones for a great start in school. Our goal is to provide a fun, interactive environment to develop a lifelong love of learning. Our preschool teachers are specialists in early childhood education.

Preschool for Threes

Three-year-olds love to touch, which means their classroom is filled with materials to help develop their small and large muscles. Our daily emphasis on language development builds new vocabulary and their new words are then put to use as they “dress-up” for dramatic play, create artwork, or retell the day’s story. Students grasp number concepts by using a variety of objects to count, sort, and create patterns. All of these essential skills are targeted within a fun, music and movement oriented curriculum that has children learning and growing with enthusiasm!

Schedule: Two, Three or Five day option: 8:10 – 11:30* AM. Families may choose Tuesdays and Thursdays, or Mondays, Wednesdays and Fridays, or all five days. **Registration Fee:** \$80.00 per year

Tuition: \$16.00 per morning. A full-day option is available by adding afternoon daycare. (Details on back)

Begindergarten for Fours and Young Fives

Four-year-olds enjoy an innovative and highly successful phonics curriculum called **ZOO-Phonics®**. Zoo-Phonics teaches children all about animals: their habitats, their special characteristics, even their geographic location. Then we expand on those animal names to help children learn alphabet letters and sounds with an exciting, multi-sensory approach using music, visuals, movement and a multitude of activities! Foundational math skills, including counting, sorting, organizing data, and creating charts is all part of the fun!
